Downloading

Please refer to the following link on the Exclaimer website:

<http://www.exclaimer.com/downloads/auto-responder/default.aspx>

Installing

Download the 'Auto Responder 1.0' installation file 'setup.exe' and run on the Microsoft Exchange Hub Transport Server for Exchange 2007/2010 or CAS and or Mailbox Server for Exchange 2013. An MSI is available from support by contacting support@exclaimer.com.

Uninstalling

Uninstall can be achieved via the 'setup.exe' or MSI for the currently installed version of 'Auto Responder 1.0' or via 'Add/Remove Programs' in Windows Server 2003 or 'Programs and Features' in Windows Server 2008 & 2012.

The configuration files are located in the following folder and will not be removed as part of the uninstall process:

| Operating System | Minimum Requirements |
|--|--|
| Windows Server 2003 R2 x64 | \\Documents and Settings\\All Users\\Application Data\\Exclaimer Ltd\\Auto Responder |
| Windows Server 2008 x64 Windows Server 2008 R2 x64 Windows Server 2012 Windows Small Business Server 2008 Windows Small Business Server 2011 | \\ProgramData\\Exclaimer Ltd\\Auto Responder |

The uninstall process will not lose any of your configuration or settings. However as a backup precaution you may wish to export your configuration.

Export Steps

1. Open the Exclaimer Console.
2. Select the 'Exclaimer' node.
3. Open the 'Action' menu.
4. Select 'Export Configuration...'
5. Select a location and filename for the export.
6. Press Save.

This will export all your settings including all your templates and licensing data.

Upgrading

Upgrading can be achieved by following the steps above to uninstall the current version and then install the new version. You may optionally stop the Microsoft Exchange Transport service once Exclaimer Auto Responder has been uninstalled. The installation of a new version of Exclaimer Auto Responder will start the Microsoft Exchange Transport service.

Fixed Issues

- Dynamic Distribution Group LDAP query does not expire when the AD cache is flushed.
- When multiple recipients are appended to the CC line using the {Message To Recipients} field, only the first recipient receives the message.

New Features

- Exchange 2013 support.
